

SYNTHETIC SAMPLE - INDEPENDENT POLICY

# Everyday Essentials Demo - 2024

An invented policy schedule used to test document review and comparison. It is separate from the Nura Example Policy 2025 sample.

| INSURER                   | PLAN                     |
|---------------------------|--------------------------|
| Meadow Sample Cooperative | Everyday Essentials Demo |
| POLICY NUMBER             | EFFECTIVE DATE           |
| SAMPLE-ONLY-2037          | 01 July 2024             |

Policy status: Active in this sample

## Medical benefits

|                      |                                               |
|----------------------|-----------------------------------------------|
| Annual medical limit | SGD 35,000 per insured person                 |
| Room and board limit | SGD 220 per day                               |
| Outpatient follow-up | 14 days after an eligible inpatient discharge |

## Exclusions and terms to confirm

|                             |                                                                                            |
|-----------------------------|--------------------------------------------------------------------------------------------|
| Overseas elective treatment | Not covered under this sample policy.                                                      |
| Cosmetic treatment          | Not covered unless medically required following an accident covered by this sample policy. |
| Pre-existing conditions     | Coverage depends on disclosure and insurer acceptance; waiting periods may apply.          |

All people, organizations, plan names, dates, limits and wording in this file are invented for a local app demonstration. This document does not describe real coverage.
